Safety on the Fourth

July 4 brings food, fun, and fireworks! Although some fireworks are now legal for personal use in NC, the Cary Fire Department advocates citizens attending public fireworks displays put on by professionals. However, if you choose to set off fireworks this year practice the following safety measures:

- Never light fireworks indoors or near dry grass.
- Always have a water source or fire extinguisher nearby.
- Do not wear loose clothing while using fireworks.
- Stand well out of the way when fireworks are being lit.
- Always read warning labels and follow the directions on fireworks.
- Supervise children around fireworks at all times.

Misuse of fireworks can lead to personal injuries, fires, and even death. Please contact the Cary Fire Department at (919) 469-4056 if you have any questions. **Have a happy and safe Fourth of July!**
